

*A note on the Core Tenets: The main priority of the Felix Gonzalez-Torres Foundation is fostering and facilitating individuals' direct experiences with the work, in keeping with Gonzalez-Torres's primary intention. The Foundation also provides language around the structure and nature of the works, following the type and forms of language developed by Gonzalez-Torres that has been provided to owners and exhibitors on an ongoing basis. One of the ways the Foundation provides access to such language is through a format referred to as the 'Core Tenets,' which describe those works/bodies of works that have specific, yet sometimes open-ended parameters.*

## CORE TENETS FOR FELIX GONZALEZ-TORRES'S PAPER STACK WORKS

While each body of work follows its own set of rules, Gonzalez-Torres's practice includes purposeful variations, within a body of work and between bodies of work, in order to foster engagement and questioning.

The 'Works' section of the Felix Gonzalez-Torres Foundation website is structured to provide a comprehensive overview of all paper stack works, as well as in-depth illustrations/depictions of each work from varying installations. The pages in this section help demonstrate how the Core Tenets play out across manifestations of different paper stack works. It may be helpful to look at the entire paper stacks section, as different aspects of the Core Tenets are illustrated in images of different works. It may also be informative to consider the Core Tenets for different works/bodies of work to reflect on how they differ and align with one another.

- 
- Each of the paper stack works is a unique artwork.<sup>1</sup>
  - Each paper stack work has a specific caption and description included in its *Certificate of Authenticity and Ownership*.
  - The medium for each paper stack work includes the concept "endless supply/copies."
  - The dimensions of each paper stack work include "ideal height" / "original paper size." If and when listed, these dimensions remain consistent, regardless of any given manifestation or how the work may change throughout a manifestation.
  - Each paper stack work has a specific text, design, image, and/or paper color that is integral to the work and remains consistent from one manifestation to the next.<sup>2</sup>
  - The paper stack works exist regardless of whether they are physically manifest.
  - The owner has the right to interpret the specific, yet open-ended parameters of the work on an ongoing basis, from manifestation to manifestation, and throughout each manifestation.
  - The owner has the right to choose to manifest the work at any time.
  - Each paper stack work can exist in more than one place at a time without impugning the work's uniqueness; the uniqueness of the work is linked to ownership.
  - If and when the work is manifest (and sheets of paper are present), it is integral that individuals must be permitted to choose to take individual sheets of paper from the work.<sup>3 4</sup>

- The possibility for the work to be manifested with ease is an ongoing intention of the paper stack works.
- The owner has the exclusive right to choose to lend the work. In doing so, the owner is thereby extending to an authorized borrower for the term of the loan the rights and responsibilities to make decisions about manifesting the work, within the borrower's interpretation of the specific, yet open-ended parameters of the work.<sup>5</sup>
- Decisions about a particular manifestation of the work may shift each time the work is installed, and potentially throughout each manifestation.<sup>6</sup>
- Throughout the course of each manifestation of the work, the owner or an authorized borrower has the right to determine if and how the paper will be replenished and maintained.
- Each authorized manifestation of a paper stack work is the work and should be referred to only as the work.
- Gonzalez-Torres used each element of the artwork's caption as a vehicle for conceptual information; if and when the title,<sup>7</sup> date, medium and/or dimensions are listed, each element of the caption remains consistent regardless of any given manifestation or how the work may change throughout a manifestation.<sup>8 9</sup>
- The original paper Gonzalez-Torres chose for each paper stack work is intended to be used as a guideline.<sup>10</sup>
- The paper stack works are ideally intended to be installed directly on the floor.
- Paper stack works are accompanied by Certificates of Authenticity and Ownership.<sup>11</sup>

*In furtherance of its educational mission, the Felix Gonzalez-Torres Foundation is available to be in dialogue about the Core Tenets and provide further information.*

<sup>1</sup> With the exception of "Untitled", 1990, made in an edition of 12 with 5 artist's proofs; "Untitled" (Ross in L.A.), 1991, made in an edition of 3; and "Untitled", 1991, made in an edition of 1 with 1 artist's proof.

<sup>2</sup> The orientation of the sheets and the paper type is intended to be consistent throughout each manifestation.

<sup>3</sup> Individual sheets of paper, all sheets taken collectively, and any sheets remaining at the end of any given manifestation do not constitute a unique work and are not the work.

<sup>4</sup> Gonzalez-Torres wanted each individual to be able to choose whether to take sheets of paper from the work; therefore, he did not want individuals to be instructed about whether or not to do so. However, there was a situation where an institution requested guidance in addressing the amount of sheets individuals might take. In this instance Gonzalez-Torres allowed the exhibitor to display an additional small wall label (no bigger than a standard caption wall label) incorporating open-ended language that did not limit the choice of whether or not to take sheets from the work, but instead implied a general limit of how many. (I.e. "Please take only one.") Variations on this practice continued.

<sup>5</sup> While paper stack works have the capacity to be loaned with relative ease, in his lifetime Gonzalez-Torres established a precedent of prioritizing exhibitions that fostered complex understandings of the works.

<sup>6</sup> Exhibitors may benefit from devising a general structure in advance of the exhibition that allows for considering and reconsidering decisions throughout the course of a manifestation.

<sup>7</sup> The precise wording and punctuation of the title are conceptually significant. The purposeful punctuation of the title includes both the placement of quotation marks around the word “Untitled” and the fact that the parenthetical portion of the title is placed outside of the quotation marks.

<sup>8</sup> Gonzalez-Torres let exhibitors decide whether or not to include artwork captions on the walls of an exhibition, or elsewhere. (In his lifetime, Gonzalez-Torres accommodated certain institutions’ stylistic standards of only listing parts of an artwork’s caption [e.g. just the title and date; or just the title, date, and medium].)

<sup>9</sup> Gonzalez-Torres typically chose not to include descriptive or interpretive information on wall labels/texts. Should an exhibitor choose to include descriptive or interpretive wall labels/texts – or if including such information is part of an exhibitor’s standard protocol – it is suggested that the full artwork caption also be present. In such cases, ideally the caption is displayed on a separate label, or with a separation from any descriptive or interpretive information. (In this way, the language and structure that Gonzalez-Torres chose for the caption can be reflected upon both alongside and independently from text generated by an exhibitor.)

<sup>10</sup> Gonzalez-Torres’s choice of original paper was influenced by aesthetic and conceptual considerations, as well as being influenced by what was readily accessible.

<sup>11</sup> Gonzalez-Torres intended for the Certificates of Authenticity and Ownership for paper stack works to be issued anew in the name of the current owner for as long as possible.
